

A story of love
& dedication

When we started Animal Nepal seven years ago we hardly dared to hope for a team of loving, caring and committed staff.

Animal welfare is a relatively new concept in Nepal. Caring for 'dirty' stray dogs and working donkeys is generally looked down upon.

Through our work we want to show society how animals, when well taken care of, can act as our friends and guardians.

Without our amazing team of managers, vets and care takers, we could never have fulfilled this dream.

We like to take this opportunity to thank our Kathmandu team Krishna, Sudeep, Surendra, Sushma, Rupa, Narayan, Mohan, Ishwori, Hari, Santosh and Bal Krishna and Nepalgunj team Prativa, Radhika, Surendra K (Nepalgunj) for their tireless dedication to the well being of animals in our care.

A special thanks to volunteers Dr Sushma & Nisha, Jiggy, Martin, Rohine, Philippa & Shristi. And to overseas friends Ursula, Felicity, Catherine, Ramona, Camille, Sivan, Dorothy, Sabine & B. and Phillippa.

Thank you for making a dream come true!

**We wish our staff and
supporters Happy Holidays!**
