

# Fun Time @ The Brick Factory

**Our staff Sushma and Krishna on Saturday afternoons can often be found in a brick factory, surrounded by donkey handlers.**

**Aged 8-18, donkey handlers play an important role in the welfare of working equines.**

**Having been robbed of their childhood, they tend to beat the donkeys mercilessly.**

**In a novel pilot project, Animal Nepal offers the boys a much needed break by offering games, artwork, snacks and a chance to learn the Nepalese alphabet.**

**Simple messages such as ‘Don’t beat your donkey’ are given too.**

**The handlers respond with much enthusiasm and have stopped the beatings.**

**Using discarded plastic bottles and pebbles they even invented a simple instrument to make the donkeys move, by sound!**

**These boys need our help as much  
as the donkeys do.**

**Thank you for enabling us  
to help both!**
